Text Summary on last page

It was very  
good to get  
our voices heard.

Well Organized  
"good food"  
helped us think of  
problems/good things  
within our  
schools.

It was a very  
good session and  
I felt like my  
voice was heard

Satisfactory  
For sharing  
ideas and concerns!

- Organized  
Thanks :)

Today was great!  
It was a good chance to  
get students involved  
in choices which ties  
into responsibility.

It was  
great!  
Thanks.

Thanks  
for hearing  
our voices!

Good feedback!  
Interesting Ideas  
+ Brainstorming.  
Was useful in my  
opinion!

I thought it was  
very useful & our  
voices were  
definitely heard  
and our opinions  
were listened to.  
It was a very  
good way to  
connect between  
student &  
board.

I thought it was really good we got to tell what we wanted changed and how we feel about it

- Friendly
- Well planned
- Glad students got to have their voices heard
- Helpful

Getting together with other students & see the picture from their point of view ect (they're in another school setting)  
- great job! Glad to get our voice out there!  
Food was good!

I feel privileged than my ideas are voiced!

I thought everything was very informative. I liked hearing everyone's thoughts. It was a very good process. I think this will help Graslands very much.
